

Established in 1991, PKE Lighting provides the Film and Television industry an enviable inventory of the entire spectrum of Lighting Equipment through multiple locations throughout the UK. Due to consistent growth PKE is currently recruiting in all areas of our dedicated team.

Job Description

Warehouse Operative

An exciting opportunity has arisen to join the busy warehouse team at PKE. The successful applicant will work at the head office in Greater Manchester and possess an excellent attitude towards their work and other team members. You will be tasked with the preparation, loading and unloading of Film and Television lighting equipment. The position is full time and based on 40 hour week

Person Specification / Relevant Experience

- Team player with the ability to work in a fast paced environment
- You will be self motivated and be able to work without supervision when required
- Be able to understand instruction and work to time scale.
- You will demonstrate the ability to show a keen eye for detail and follow pre established working practices and processes
- Have basic IT skills and demonstrate capability of communicating verbally and in a written format.
- To be capable of providing a consistent standard of work throughout the working day.

Job Specification / Role

- You will be required to work within a dedicated team in a busy warehouse environment
- Preparing and testing of Film Lighting equipment to pre set company procedures
- Loading and Unloading of Trucks and returning equipment to correct storage area of the warehouse
- Willingness to work in all areas of the warehouse with other team members
- The ability to complete all tasks/orders in a timely manor and ensure that all orders are completed as per instruction.
- If required, driving company vehicles to make deliveries, therefore a full UK driving licence is required
- A flexible attitude to working overtime at short notice to meet the demands of the company and industry that we work within.
- Operate the company rental tracking system (RT Pro) of which full training will be provided.

Hours

The position is Full time and requires the candidate to work a 40hour week. During busy periods, overtime will be required therefore a flexible attitude to this is a necessity.
