

Established in 1991, PKE Lighting provides the Film and Television industry an enviable inventory of the entire spectrum of Lighting Equipment through multiple locations throughout the UK. Due to consistent growth PKE is currently recruiting in all areas of our dedicated team.

Job Description

Lighting Equipment preparation technician

PKE Lighting is recruiting a specialist equipment control person to work in our busy LED and control rental department at our head office in Greater Manchester. The ideal candidate will have sufficient knowledge in the preparation of lighting control equipment, dimming and LED fixtures.

Person Specification / Relevant Experience

- Sufficient knowledge of lighting control and data systems
- A good understanding of lighting desks, both intelligent and generic
- To be able to work to a time critical schedule
- Self-motivated, hardworking and to be able to work as part of a team
- An ability to work to a high and thorough standard, ensuring that equipment is ready for rental in first class condition.
- A familiarity with rental asset management systems and software.
- Somebody who will lead by example and be able to motivate encourage other staff.

Job Specification

- The preparation of lighting consoles.
- The testing of Dimming systems.
- To carry out the loading and unloading of equipment that relate to your department ensuring that equipment is scanned out and scanned in on return.
- You will be required to work with the company rental asset management system RT Pro and provide reports of damaged equipment if asked to do so, full training will be provided.
- Ensuring that all equipment is updated to relevant software levels and there is a continuity of this within the company and keeping a record of updates
- Preparation of Lighting equipment.
- The willingness to speak with end users and trouble shoot where required
- To have a primary focus of delivering first class rental equipment to valued customers and ensuring that company standards are met.
- An ability to communicate with all staff and management in all areas of the business.

Hours

The position is Full time and requires the candidate to work a 40hour week. During busy periods, overtime will be required therefore a flexible attitude to this is a necessity.
